SCREENKIT - STATIC & SCREENKIT - MOTION

The exciting range of illuminated display products from Shopkit are ideal for retail displays, reception areas and the hospitality industry. Both types of screens are suspended on 3mm cables and are easy to install.

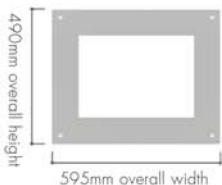

SCREENKIT - MOTION

ScreenKit - Motion allows moving images, animations and audio files to be played on continuous loop on a 17 inch widescreen LCD screen. Individual presentations are played back direct from a C. F. (compact flash) memory card.

** Note, a 128mb C. F. CARD and C. F. READER are supplied free with the Motion Screens.

SCREENKIT - STATIC

ScreenKit - Static is a range of slim lightboxes that displays up to A3 size transparencies. The lightboxes are available in both single or double sided versions.

SURROUNDS - ScreenKit - Motion and ScreenKit - Static are available with a choice of surrounds. Also made to customer specifications, logos and graphics can be added on request. Each surround comes with four panel supports to attach the surround to the 3mm cables.

Silver Acrylic

Black Matt Acrylic

Other colours are available

TECHNICAL INFORMATION – FOR FURTHER TECHNICAL DETAILS, PLEASE REFER TO BACK PAGE OR CONTACT THE UK TECHNICAL SUPPORT TEAM ON +44 (0)1923 818282, OR YOUR LOCAL DISTRIBUTOR FOR DETAILS.

SCREENKIT - MOBILE

Screen Kit - Mobile is a system that creates illuminated portable displays. Screen Kit - Mobile is designed to back light transparencies and is available in standard A5, A4 and A3 sizes. The units are lightweight and easy to operate and are battery operated for ultimate portability, or they can also be low-voltage mains fed.

For further information contact the UK Technical Support Team on +44 (0)1923 818282, or your local distributor for details.

TECHNICAL INFORMATION

The ScreenKit system from Shopkit is designed for 200 watt max circuit. The only recommended transformers are those manufactured to IEC 598 (EN 60598) and EN 60742 standards. We also advise the use of a security devise on all low-voltage systems, please call the UK Technical Support Team on +44 (0)1923 818282, or your local distributor for details. Transformers can be positioned in any convenient location up to 1500mm from the cables to which the power is being fed.
