

TESLA TEST SYSTEMS

ENVIRONMENTAL, TEMPERATURE & HUMIDITY TEST CHAMBERS

The complete supplier of Temperature & Humidity Environmental Test Chambers, Heating/Drying Ovens and Support Services.

“The Unique independent Solutions Provider for All Your Temperature & Humidity Test Equipment Requirements”

Teslatest Systems will be exhibiting at Southern Manufacturing and Electronics at Farnborough on 12th & 13th February 2014 on Stand G82. We will have on our stand a Binder VD 53 Vacuum drying oven and a Binder MK 53 Environmental Test chamber.

We will also have the new 2014 brochures available and all the details of the new Binder MKFT range of Climatic chambers including the all new MKFT 720, we will also have details of the complete range of temperature and humidity chambers and heating ovens. This will include details of the latest options and accessories available for all the chambers and ovens supplied by Binder GmbH.

As we are the Official UK distributor for the Binder GmbH range of environmental test chamber and heating/drying ovens we will be able to advice on the best options for your requirements.

PLEASE VISIT US ON OUR STAND G82, tickets available at www.industrysouth.co.uk
