SIGNS & SHOPFITTING

Rustic display equipment

Chunky crates on table tops and window displays

Use the same wooden or glass 500mm shelves as you would for the full height crates

Chunky crates use the same timber profile as our full height shelving units, they measure 500 x 500mm and are 300mm deep then without backs and 330mm with backs.

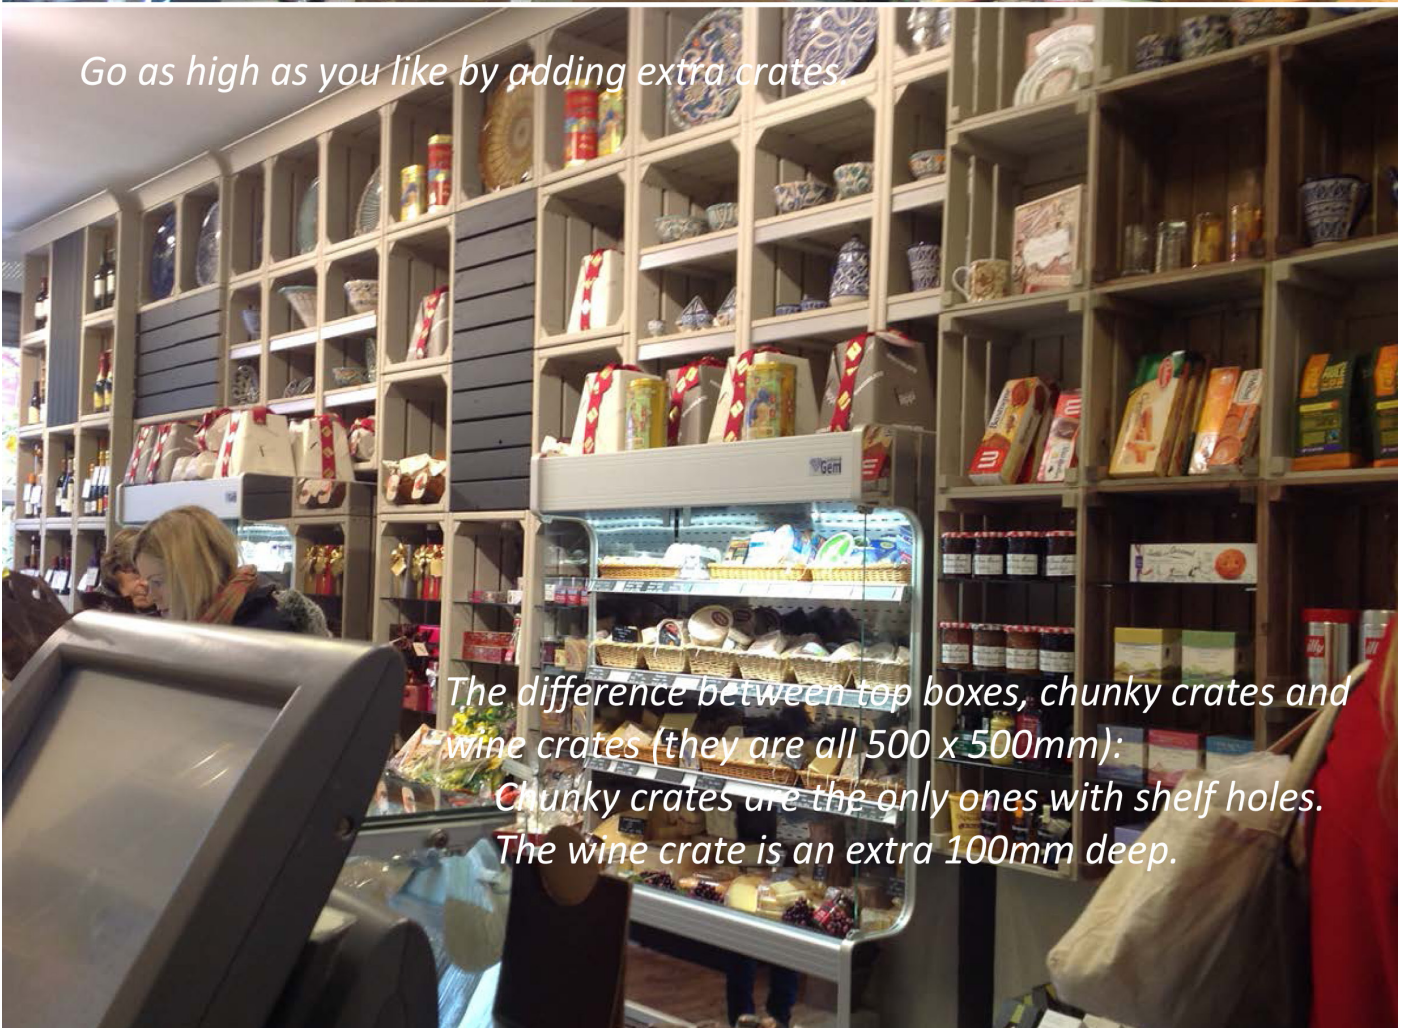

Using Chunky Crates for shelving.

To match up with 2.2m full height crates use with Gift tables at 700mm high or you can use a wine plinth 200mm high.

Go as high as you like by adding extra crates

The difference between top boxes, chunky crates and wine crates (they are all 500 x 500mm):
Chunky crates are the only ones with shelf holes.
The wine crate is an extra 100mm deep.

Random layouts

Using 1m & 500mm Chunky crates to create random displays. Combination of white and antique oak is popular.

Achieving 2m or 2.5m high.

Use 1.5m mid height crate with 500mm or 1m chunky crates.

Chunky crates units

500 x 500mm Chunky crate. Available with or without back.
 1m x 500mm Chunky crate. Available with or without back.
 300mm deep without back and 330mm with back.

Chunky crates our versatile building blocks of the Artisan Crate range, linking table displays with wall shelving. They give added options extra tall wall displays.

The Chunky Crates are robust using the same timber as with the Full height crates, they simply stack on top of each other for flexible displays. They have been drilled to take our standard 500mm shelves.

Have a look at a few combinations we've put together:

Chunky crates combinations

*Window display with chunky crates.
 2.5m Tall
 3m wide*

- 10no. 1m Chunky crates (open backed)
- 1no. Mid height crates 1.5m x 1m
- 20no. 500mm glass shelves
- 1no. 1m wooden shelves
- 2no. 1m glass shelves
- 2no. 1m Gift table 500mm high

*Gift table with open chunky crates.
 1.5m Tall
 1m wide*

- 1no. 1m Chunky crates (open backed)
- 2no. 500mm Chunky crates (open backed)
- 2no. 500mm Wooden shelves
- 1no. 1m Gift table 500mm high

Display Stands Gallery

Linkshelving produce a number of free standing display stands to work by themselves and with our range of crates.

Rustic display equipment

A Frames as end displays with our mid height crates

The second from top shelf can be tilted forward. Use the top chalkboards for promotions.

Ladderback units

Available with shelves or adjustable slats. These slats can be used for drapes or acrylic shelves for card displays. A new product for 2014.

Can be used with our various crates, see illustrations.

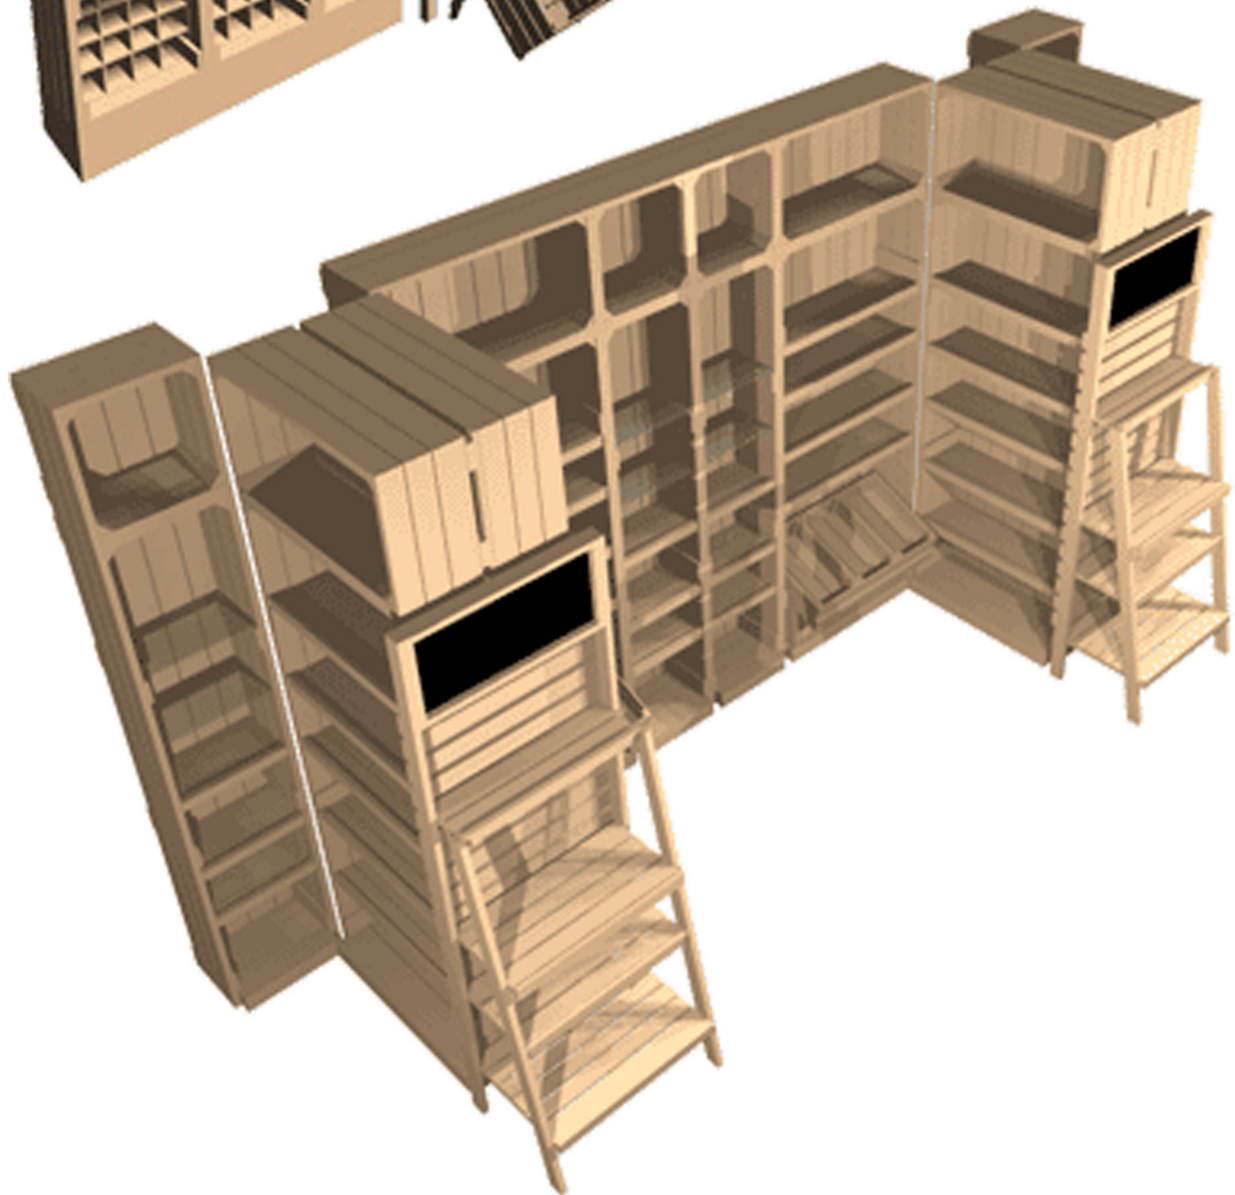

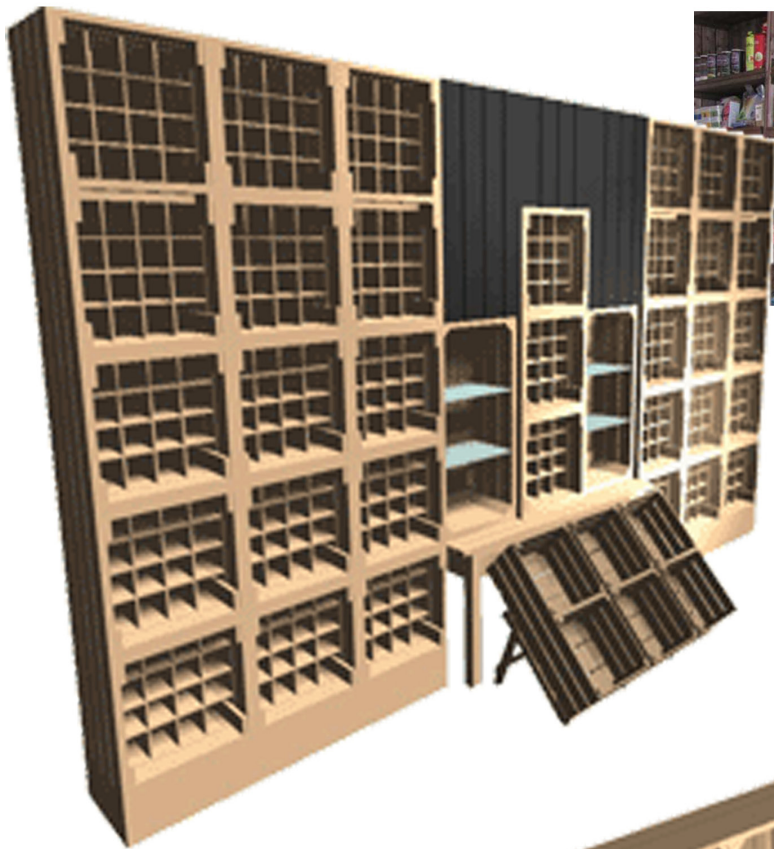

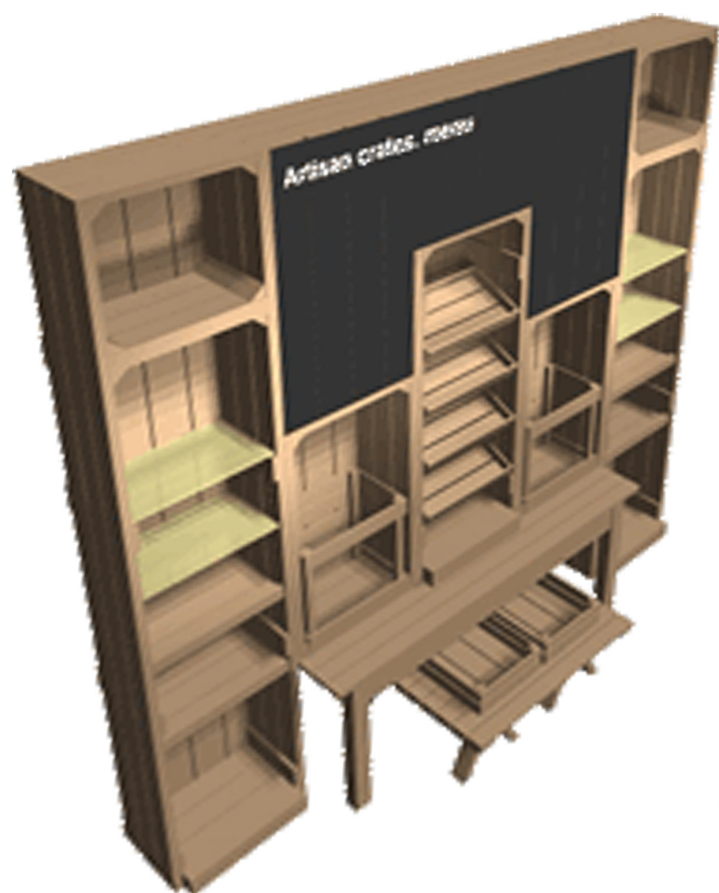

Rustic display equipment
